INTRODUCTION

In return for the commitment to comply with the requirements in this document, tournaments are offered World Ranking status. The ability of tournaments to comply with these requirements will be monitored by FIR Delegates and will influence the World Ranking status in the coming years.

All FIR Racketlon Tournaments must be played according to the valid “Rules of Racketlon” as can be found on www.racketlon.net. A FIR Delegate and a FIR Co-Delegate from the annually published FIR Delegate list will be nominated by FIR to monitor and assist each World Tour event.

A. FIR TOURNAMENTS

1. TOURNAMENT STRUCTURE AND POINTS

The following Tournaments are organised by the FIR:

- a) FIR Racketlon World Championships (WC)
 - World Championships Singles (WCS)
 - World Championships Doubles (WCD)
 - World Championships National Teams (WCNT)
- b) FIR Racketlon Super World Tour tournaments (SWT), maximum 4 tournaments per year
- c) FIR Racketlon International World Tour tournaments (IWT), no maximum number
- d) FIR Challenger tournaments (CH), no maximum number
- e) FIR Champions League

WC, SWT and IWT tournaments are part of the FIR Racketlon World Tour and count for the World Tour Race.

World Ranking points however are awarded at all tournaments except FIR Champions League. The Council defines the point's matrix. The exact table can be found on <http://www.racketlon.net/content/fir-ranking-regulations>.

All FIR tournaments are to be held without any national ranking tournaments running at the same time at the same venue. All draws of a FIR tournament must count for the World Rankings and all players must have a valid FIR annual licence and be registered on Tournament Software.

Only players with a permanent residence permit in FIR member countries, who have paid the annual membership fees may participate in tournaments on the FIR World Tour. At Challengers players from non-member countries may also participate. Everyone must in principle have the possibility to participate in FIR tournaments, qualification tournaments are not permitted. Only short exhibitions to promote Racketlon are allowed.

2. TOURNAMENT APPLICATIONS

2.1. General Provisions

Applications for all tournaments must be made to FIR via the electronic application form available on www.racketlon.net and can only be made by FIR member countries, who have paid their annual membership fee. The application must be made by the tournament director and confirmed (by e-mail) by the national federation's president.

The proposal for the FIR World Tour is made by the FIR Executive-President and passed by the Council.

The decision about Challenger Tournaments is taken by FIR Executive-President only. Each country can apply for as many tournaments as it wants to hold, but only two tournaments per country per year can be guaranteed by FIR.

3.12.8. Liability of FIR Sponsor Rights

The tournament directors of all WT and WC tournaments are responsible towards FIR that the Rights of FIR Sponsors are fulfilled as stated in these FIR General Sponsorship Guidelines. FIR and the FIR Delegate will assist and monitor all WT and WC tournaments in regards to fulfil the FIR Sponsors rights in the best possible way.

3.13. Licence Fee collection and Commitment Statement

3.13.1. Annual players Licence Fee

If tournament directors enter any players themselves who have not paid the annual licence fee via Tournament Software, they are responsible to collect licence fees on site and transfer to FIR.

3.13.2. Tournament commitment statement and contract

By filling out the electronic application form to FIR for any FIR World Ranking events, tournament directors automatically confirm the requirements given in this document. The application has to be confirmed by the national federation's president, who accepts that the highest person taking all final decisions at a FIR World Ranking event is the FIR Delegate. The application form is a CLEAR and FINAL COMMITMENT STATEMENT. Each national federation together with the tournament director has to sign a contract with FIR accepting all the rules, regulations, fines and liabilities defined in this document.

3.13.3. Exceptions of Requirements possible

In case certain requirements cannot be met and the tournament director knows this beforehand he can ask FIR for exceptions. The important part again is a beforehand notice together with the tournament application to FIR office@racketlon.net. In case some requirements are not met without advance notice, the Council can speak out a warning, fine the tournament especially if FIR Sponsor Rights are not fulfilled, lower the level of a tournament i.e. from World Tour to Challenger status or even cancel the tournament for the next or one of the future years.

3.14. Fines

3.14.1. Pull-out and no show

In case a Player pulls out after the entry deadline from an Olympic draw, a fine of 100€ in addition to the normal entry fee must be paid for each tournament the Player has pulled out of and if he has given notice to the tournament. This is unless he can provide evidence that he by no fault could not participate (e.g. with medical proof or cancelled/postponed flight etc.). In case a Player does not show up at an Olympic draw without any notice to the tournament director, a fine of 100€ must be paid regardless of the reasons for not showing up.

The tournament director may decide whether above rule shall apply for all other draws too.

3.14.2. *Tournament Regulations*

In case certain points of the Tournament Regulations are not fulfilled by the tournament, a fine of 50€ per point shall be paid. Fines are based on the evaluation report of the FIR-Delegate and FIR Co-Delegate.

3.14.3. *Tournament Changes and Cancellations*

If a FIR tournament is cancelled a fine of 1000€ is to be paid to FIR and the organisers may not participate in any FIR events until this fine is paid. If a FIR tournament changes its date or its place after the application deadline a fine of 500€ plus the costs for reprinting World Tour posters and flyers (in case they have already been printed) of around 700€, need to be paid. If players can prove they have paid flights, this also needs to be reimbursed. The national federation exists in the respective country it is liable to be charged. FIR can also decide further sanctions such as the cancellation of the tournament in the following year.

3.14.4. *FIR-Tournament Delegate*

A FIR Tournament Delegate and a Co-Delegate are nominated by FIR for each WT and Challenger event as assistance for the tournament organisation. FIR Delegates are nominated by FIR and published annually. They are obliged to visit at least one FIR Delegate workshop per year. The FIR Delegate list published annually and found on www.racketlon.net/content/tournament-support.

The Tournament Delegate and Co-Delegate should be on site the night before the tournament starts at around 17:00 and stay until one hour after the tournament ends and check the tournament regulations with the tournament organiser. A technical meeting is to be held with the tournament organiser and some of his most important team members like head referee and media officer the evening before tournament start.

The FIR Tournament Delegate and Co-Delegate are also responsible to be in contact with the tournament organiser and FIR before the tournament concerning draws and time schedule.

The Tournament Director accepts that the FIR-Delegate and Co-Delegate are the highest officials at all World Tour events and takes all final decisions around the tournament for the best of international Racketlon.

In return for their help the tournament organisation must offer them during the entire tournament free accommodation in a hotel double room including breakfast and one warm meal per day and no entry fee. This is valid from one day before tournament start (room and evening meal) until latest one day after tournament (room and breakfast) start if they cannot travel home the same day the tournament ends.

B. FIR NATIONAL TEAM COMPETITIONS

1. THE TEAM

1.1. Designation of Team members

Each Elite national team consists of a minimum of 5 players (4 men and 1 woman) and a maximum of 8 players (6 men and 2 women) and must have a team captain. The team captain can be one of the players or another non-playing person. The first team of a country is ALWAYS the Elite national team. The second and third team are amateur teams, where the same rules apply..

A Juniors (u21) national team consists of a minimum of 3 players (at least one girl) 2 boys and 1 girl and a maximum of 6 players (at least one girl).

A Juniors (u16) national team consists of a minimum of 2 players (boys or girls) and a maximum of 4 players.

A Seniors (+45) national team consists of a minimum of 4 men and a maximum of 6 men plus a minimum of 1 woman and a maximum of 2 women.

A Seniors (+55) national team consists of a minimum of 4 men and a maximum of 6 men.

All members of the National Team have to be citizens of the country that they represent and allowed to play for their country according to the Players and Draws Regulations.

The team members must be designated at entry deadline of the tournament. One single man or one woman of the team may be changed until the team captains meeting on the evening before the team event starts.

It is compulsory that the team captain or at least one player of the team comes to the team captains meeting, which is organized by FIR on the evening before tournament start.

Players may be in on the squad of more than one team, but the time schedule will not be adjusted for any of such players e.g. a Player in the Juniors u21 national team or Seniors +45 national team may also play on the Elite team, but if both teams play at the same time no adjustment of the schedule will be made. This does not apply for amateur teams. Players playing in amateur teams may not be on any other squads.

1.2. Line-up commitment

Before a team match begins each team shall commit to their line-up; i.e. to all team members who will be active in it and in what positions. Teams may chose who plays singles and doubles, regardless of the players' world rankings.

The order of the national players within the team is determined by the FIR world ranking, i.e. the player with the highest ranking plays on position one etc. and players without world ranking play at the end. In case of several players without world ranking, the team may choose their seeding. The FIR Seniors world ranking shall be used for the seeding of the senior national teams, and the FIR Juniors world rankings shall be used for junior national teams.

For the doubles line up the player named first in the pair shall start in Squash.

Each of the teams has the right to hide their line-up from their opponents until their opponents have committed to their line-up.

The team captain is responsible to pass the Line-up to the tournament organizer 20 minutes before the beginning of the match.

All national team players must be ready in their country shirts for the national anthem and a team picture 10 minutes before the very first match of each team. All subsequent games should at least be started wearing their country national shirts.

Once a match has started, the line-up is confirmed, even if it is subsequently noticed to be incorrect, and the match will be played with this line-up to completion. Following matches shall use the corrected line-up.

1.3. Reserves Deployment

Reserves may be deployed during a tournament but never during a team match. If a player needs to interrupt a match due to injury he may not be replaced and loses the remaining points.

1.4. Seeding of the National Teams

For Elite national teams, the sum of the Elite ranking positions of the best three men and the best woman of the respective team at the close of team registrations shall determine the seeding. For Seniors national teams, the sum of the Seniors ranking positions of the best 3 seniors shall be decisive. For Juniors (u21) national teams, the sum of the Juniors ranking positions of the best two boys and the best girl shall be decisive. For Juniors (u16) national teams, the sum of the Juniors ranking positions for the best ranked two players shall be decisive. In last instance FIR Council decides!

The teams with the worst positioning need to play preliminary round(s) to qualify for the main draw.

2. ORDER OF PLAY

An Elite and Amateur team match consists of four individual Racketlon matches – 2 Men's Singles, 1 Women's Singles and 1 Men's Doubles – and is played in the following order:

AM1 (best man in Team A) vs. BM1 (best man in Team B);
AW (woman of Team A) vs. BW (woman of Team B);
AMD (Men's Doubles Team A) vs. BMD (Men's Doubles Team B);
AM2 (second best man in Team A) vs. BM2 (second best man in Team B).

All sets in the main draw of a team competition must be played following each other. This means all players must play Table Tennis, then move on to Badminton, then to Squash and finally to Tennis. The players must be on the court immediately after the set before them is finished. The warm up time before the next set is limited to one minute. The same ruling applies to any Amateur national teams.

The Seniors (+45) competition is played in the same manner as an Elite team match.

The Seniors (+55) competition consists of three Racketlon matches – 2 Men's Singles and 1 Men's Doubles – and is played in the following pairs: Best Seniors, Doubles, Second Best Seniors.

The Juniors (u21) competition consists of 3 individual Racketlon matches in singles in the order of play: boy1, girl, boy2.

The Juniors (u16) competition consists of 2 individual Racketlon matches in singles in the order of play: boy1, boy2, and one doubles with the same players.

3. SCORING AND GUMMIARM RULE

In line with the fundamental principle of "each rally counts" the winner of the team match is not the team that wins most individual matches but the team that wins most points in total.

The individual matches in national team competitions are played to 11 points. If the score is 10-10 the serve switches hand for every point until the set is decided by a two point margin.

There is no Gummiarm point played in Tennis if the score is equal in one match. A Gummiarm is only played, if the score of the two teams is equal after all 4 matches. In this case, the tennis set of the last match is extended for one single point according the ordinary Gummiarm rules. This point shall determine the winner of the team match.

A team can also start and play a team match if at least two encounters can be played. The missing players encounter is then scored with 0:44.

A woman can play instead of a man in all national team competitions if not enough men are present.

If a player gets injured during the match the achieved points are frozen and all remaining points go to his opponent.

C. FIR CHAMPIONS LEAGUE

1. RIGHT TO PARTICIPATE

Countries organising national league competitions may select two teams participating in the FIR Champions League whereas countries without national league competitions may only select one team. The team members must be designated at the entry deadline of the tournament. Maximum two players of the team may be changed until one day prior to the start of the Champions League competition.

- Minimum of 5 players on the squad: 4 men and 1 woman
- Maximum of 10 players on the squad: 7 men and 3 women
- Playing or non-playing captain needs to be nominated
- Gentlemen's Agreement: At least 50% of the players on the line-up of each match must be Racketlon players from the country of the respective club team

2.2. Line-up commitment

Before a team match begins each team shall commit to their line-up; i.e. to which 5 team members will be active in it and in what positions. Teams may chose who plays singles and doubles, regardless of the players' world rankings.

The order of the players within the team is determined by the Elite world ranking, i.e. the player with the highest ranking plays on position one etc. and players without world ranking play at the end. In case of several players without world ranking, the team may choose their seeding.

For the Men's doubles line up the player named first in the pair shall start in Squash. For the Mixed doubles, the Women shall start in Squash.

The team captain is responsible to pass the Line-up to the tournament organizer 30 minutes before the beginning of the match.

3. ORDER OF PLAY

| AMD (Men's Doubles Team A) | vs. | BMD (Men's Doubles Team B); |
| AM2 (second best man in Team A) | vs. | BM2 (second best man in Team B); |

All sets in the main draw of a team competition must be played following each other. This means all players must play Table Tennis, then move on to Badminton, then to Squash and finally to Tennis. The players must be on the court immediately after the set before them is finished. The warm up time before the next set is limited to one minute.

4. SCORING AND GUMMIARM RULE

The Scoring and Gummiarm Rule as described in chapter C clause 3 (National Team) is applicable to the FIR Champions League with the following exceptions.

In case the two teams are equal after all 4 matches, a Gummiarm point is played in the last match: 2nd Men Singles.
